LANGUAGES

Danish (native)

English (fluent)

EMILY ROSE SHEREEN FILSOOF

I'm curious, slightly obsessive about understanding things, and happiest when I'm learning something I didn't know yesterday.

Product designer and digital development consultant with 4 years of experience connecting users, business needs and technology. I map needs through interviews and workshops, turn requirements into digital solutions and see them through to implementation. MSc in IT (ITU), specialised in AI and UX.

EXPERIENCE

MAR 2026 TO PRESENT

Duus Partners P/S

Digital Development Consultant · Copenhagen

Promoted from Student Assistant (Mar-Aug 2026)

- Translate client requirements and needs into concrete flows, prototypes and digital solutions in agile projects.
- Delivered **vingetogvaerksted.dk** for DSB from first sketch to launch: the public platform for the new S-train depot in Vinge, covering information architecture, UX, design and WordPress implementation.
- Designed **The Green Log** from concept and user flows to prototype: 120+ sustainability actions in one guided flow.

FEB 2025 TO PRESENT

Bæredygtigt Kulturliv NU

Digital Designer · Copenhagen

Promoted from Student Assistant (Feb 2025-Aug 2026) to Digital Designer (Sep 2026)

- Restructured the Webflow site and CMS around a new information architecture and own its ongoing maintenance.
- Host and facilitate events, contribute to funding applications and produce material for campaigns and a 10-part webinar series.

SEP 2022 TO JUN 2024

KOLLAB

Student Assistant, Digital Design & Communication · Aarhus

- Designed and built the company website, owning web design, visual identity and UX.

SELECTED PROJECTS

Vores Side: case with DR

ITU · 2025 · USER RESEARCH, CONCEPT DEVELOPMENT

25 user interviews showed that young users did not want personalised content. We reframed the brief from personalisation to participation, then prototyped, tested and pitched a shared page across DR's platforms.

What is an alarm? Diabetes technology

ITU · 2024 · PARTICIPATORY DESIGN, WORKSHOPS

Planned and facilitated workshops with young people with type 1 diabetes about alarm fatigue. Result: seven context-based alarms instead of one.

EDUCATION

2024 TO 2026

IT University of Copenhagen

MSc in Digital Design and Interactive Technologies

SPECIALISATION: AI & UX · THESIS: BREATHING THE CITY

2021 TO 2024
